For the quarter ended 31 March 2018

This fund update was first made publicly available on 1 May 2018, and revised on 19 July 2018 to correct hedging statement.

CLARITY DIVERSIFIED INCOME FUND

What is the purpose of this update?

This document tells you how the Clarity Diversified Income Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Clarity Funds Management Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

The Fund aims to achieve returns over the medium term by investing in a portfolio of well diversified growth oriented securities. It favours securities that produce higher earnings and dividend yields.

The Fund invests in managed funds (including the Clarity Dividend Yield Fund and the Clarity Fixed Income Fund), directly held shares, cash and fixed interest securities primarily in Australasia. It may also invest in other assets on other listed sharemarkets.

Total value of the fund	\$ 4,266,179
The date the fund started	3 April 2017

What are the risks of investing?

Risk indicator for the Clarity Diversified Income Fund¹:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five year period to 31 March 2018. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement (PDS) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	Not applicable
Annual return (after deductions for charges but before tax)	Not applicable
Market index annual return (reflects no deductions for charges and tax)	3.48%

The market index annual return reflects the return for S&P/NZX Bank Bills 90-Day +1.5% benchmark index. Additional information about the market index is available on the offer register at www.business.govt.nz/disclose.

What fees are investors charged?

Investors in the Clarity Diversified Income Fund are charged fund charges. Based on the PDS date 24 July 2017, these are expected to be:

	% of net asset value
Estimated Total Fund Charges²	0.95%
Comprising management and administration charges which are made up of:	
Manager's basic fee	0.60%
Other management and administration charges	0.35%

There are no performance fees charged in relation to the Clarity Diversified Income Fund.

Investors are not charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for more information about those fees.

Example of how this applies to an investor³

Small differences in fees and charges can have a big impact on your investment over the long term.

Sarah had \$100,000 in the Clarity Diversified Income Fund on the date the fund started, 3 April 2017 and did not make any further contributions. At the end of the period ending 31 March 2018, Sarah received a return after fund charges were deducted of \$3,400 (that is 3.40% of her initial \$100,000). Sarah does not pay any other charges. This gives Sarah a total return after tax of \$2,540 for the period.

Notes

1. As the Fund commenced operations on 3 April 2017, a combination of actual fund returns and market index returns were used to determine the risk indicator. Therefore, it may provide a less reliable indicator of potential future volatility. For the five-year period ending 31 March 2018, market index returns have been used to 2 April 2017 with actual fund returns used for the balance of the period.
2. These fees are disclosed on a before-GST basis. Please refer to the PDS for further information.
3. As the Fund has not existed for a full financial year, this example is based on returns for the period 3 April 2017 to 31 March 2018.
