

Clarity - Capital Group New Perspective Fund

Objective

The Fund's investment objective is to achieve long-term growth of capital by investing in shares of companies located around the world.

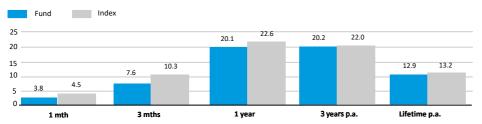

Strategy

Clarity uses Capital Group as the investment manager for this Fund. Capital Group conducts in-depth proprietary company research and favours companies expected to benefit from structural trends in the global economy.

The Capital Advantage

Capital Group is one of the oldest and largest asset management companies in the world. Since 1931, Capital Group has been singularly focused on delivering superior, consistent results for long-term investors using high-conviction portfolios, rigorous research and individual accountability.

Fund returns in NZD as at 30 September 2025,%

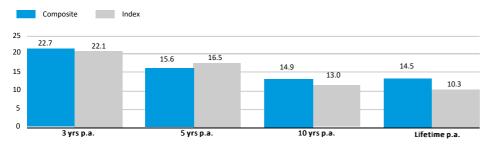

Fund returns are partially hedged and after fees of 1.15%.

Index is the MSCI All Country World Index (net dividends reinvested), measured in NZ dollars, with 50% hedged to the NZ dollars.

The Clarity - Capital Group New Perspective Fund commenced on 6 November 2019, but the Capital Group New Perspective strategy began in 1973. The graph below shows the performance of the Capital Group New Perspective composite (defined as a single group of discretionary portfolios that collectively represent a particular investment strategy or objective). This is intended to illustrate Capital Group's experience and capability in managing this strategy over the long term. The Clarity Fund has been a member of this composite since the beginning of November 2019.

Research portfolio

Research analysts conduct in depth, proprietary research on companies, they then make recommendations to portfolio managers and are also allocated part of the fund assets to manage.

 ${\sf Data} \ is \ likely \ to \ change \ over \ time \ and \ does \ not \ constitute \ a \ commitment \ from \ the \ management \ company.$
