This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz). # 1. KEY INFORMATION SUMMARY

---

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Clarity Funds Management Limited (**Clarity, we, us, our**) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Clarity, our investment managers, and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this Product Disclosure Statement (**PDS**).

## What will your money be invested in?

Eight Clarity Funds are offered under this PDS. These investment options are summarised on the following page. More information about the investment target and strategy for each investment option is provided in Section 3 '*Description of your investment option(s)*'.

This PDS does not contain information about the two other funds within the Clarity Funds Scheme, TAHITO Te Tai o Rehua Fund and Enhanced Cash PIE, both of which have a standalone PDS available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## Who manages the Clarity Funds Investment Scheme?

Clarity Funds Management Limited is the manager of the Clarity Funds. See section 7 '*Who is involved?*' for more information.

## What are the returns?

The return on your investment is represented by any increase or decrease in the unit price of the Fund, and any distributions to you. We intend for the Fixed Income Fund, Dividend Yield Fund, New Zealand Equity Fund, Trans-Tasman Value Fund and Diversified Income Fund to pay quarterly distributions. No distributions will be made from any other fund. See Section 2 '*How does this investment work?*' for more information.

## How can you get your money out?

You can request to withdraw all, or part, of your investment at any time. Minimum amounts may apply.

Your investment in the Clarity Funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment. See Section 2 '*How does this investment work?*' for more information.

## How will your investment be taxed?

Each Fund is a portfolio investment entity (**PIE**). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (**PIR**). To determine your PIR, go to [www.ird.govt.nz/toii/pir/workout](http://www.ird.govt.nz/toii/pir/workout). See Section 6 '*What taxes will you pay?*' for more information.

## Where can you find more key information?

Clarity is required to publish quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest Fund Updates are available at [www.clarityfunds.co.nz](http://www.clarityfunds.co.nz). We will also give you copies of those documents on request.

## 2. HOW DOES THIS INVESTMENT WORK?

The Clarity Funds are a managed investment scheme governed by a Trust Deed, each Fund is a trust in its own right.

The benefits of investing in our Funds include active oversight by Clarity and their investment managers and a broad range of high quality, straightforward and flexible investment options. Our Funds utilise the benefits of the PIE tax regime and we take care of the investment administration for you.

A managed investment scheme enables investors to pool their investments together to achieve benefits that may not be possible individually, including access to a wider range of assets and greater investment diversity.

The money you invest buys units in a Fund and rights to the returns earned on those assets, units do not give you legal ownership of the Fund's assets. Unit prices are calculated by dividing the net asset value of the Fund by the number of units on issue. The price of each unit depends on the value of the Fund at the time you invest.

We calculate unit prices each business day and publish them on our website. Unit prices change as the market value of Fund assets change. The return on your investment is reflected in any increase or decrease in the unit price and any distributions from the Fund(s).

The number of units you have (your unitholding), when multiplied by the unit price, gives you the total value of your investment in the Fund (although the impact of tax can result in a change in the number of units you hold, up or down, as the unit price is calculated before tax).

The assets of each Fund are separate and are not available to meet the liabilities of any other Fund in the scheme.

### Distributions

The table below sets out the distribution details relevant for each Fund.

Fund Name	Quarterly Income Distributions	No Income Distributions
Fixed Income Fund	✓	
Trans-Tasman Value Fund	✓	
Dividend Yield Fund	✓	
New Zealand Equity Fund	✓	
Global Shares Fund		✓
New Perspective Fund		✓
Diversified Income Fund	✓	
Diversified Growth Fund		✓

The Funds generally distribute on a quarterly basis for the distribution periods ending January, April, July and October. We determine the amount available for distribution (if any).

Payments are made within one month of the distribution ex-date and are generally paid on the fifteenth (15th) (or the next business day) of the following month. For tax purposes distributions are considered non-taxable income.

You can elect to have your distribution paid into your nominated bank account or you can reinvest by purchasing further units in the same Fund. You can elect which of these options you prefer in your initial application, or by writing to us.

We can alter our distribution policy in consultation with our Supervisor and after advising you of any significant change.

## 2. HOW DOES THIS INVESTMENT WORK?

### Making investments

You can invest by completing the application form and sending it back to us at [info@clarityfunds.co.nz](mailto:info@clarityfunds.co.nz). Please ensure all required information is provided, including how much you would like to invest and which Fund(s) you want to invest in.

Type of Contribution	Minimum Amount
Minimum initial investment amount	\$10,000
Minimum additional investment amount	\$1,000

We may, at our discretion, change the minimum investment amounts, and the minimum balance, and accept applications for investments below the stated minimum amount. We may accept or refuse any application either in whole or part. Application monies received in respect of rejected applications will be refunded, without interest.

Your investment will be processed once the funds received have been cleared. The unit price is determined at the end of each business day. We will issue your units at the unit price for that Fund. We also have the discretion to include trading costs in determining the unit price received.

If your application is received and funds have cleared before 1.00pm on a business day, units will be issued to you at the price determined on that day. If your application is received and funds clear after 1.00pm, units will be issued to you at the price determined on the following business day.

### Withdrawing your investment(s)

You may withdraw all or part of your investment (subject to any minimum amounts that apply) at any time by completing a withdrawal form and returning it to us. Units will be redeemed and the proceeds paid into your nominated bank account, which must be in the name of the investor.

Type of Withdrawal	Minimum Amount	Condition
Minimum withdrawal amount	\$1,000	If your withdrawal would make your investment fall below \$10,000, you must withdraw all of your investment.

We may, at our discretion, change the minimum withdrawal amount and the minimum balance, and accept withdrawals below the stated minimum amounts. The price of a unit is determined as at the end of each business day. We will pay the proceeds of your withdrawal to your nominated bank account, at the unit price for that Fund. We also have the discretion to include trading costs in determining the unit price applied.

If your withdrawal request is received prior to 1.00pm, you will receive the price determined on that day. If your withdrawal request is received after 1.00pm on a business day, the unit price determined on the following business day will be applied.

We may, in certain circumstances and with prior notice to the Supervisor, suspend or defer the withdrawal of units. We will do this when we, in good faith, determine that it is in the general interests of all investors to defer or suspend immediate withdrawal of units. These conditions are set out in the Clarity Other Material Information (OMI) document which is available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

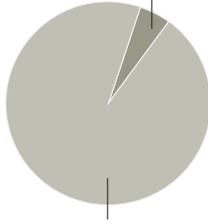

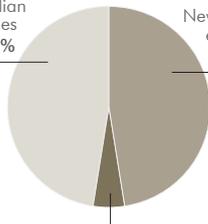

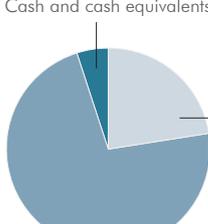

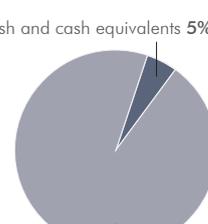

### How to switch between funds

You can request to switch between any of the Clarity Funds at any time. This includes the TAHITO Te Tai o Rehua Fund and the Enhanced Cash PIE, both of which have a standalone PDS available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

Completed switch requests will be made on the next available unit price. Switches will be treated as a withdrawal request from one Fund and an application into another Fund.

Please contact us for more information.

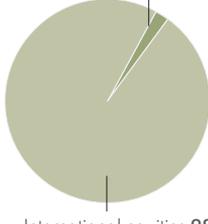

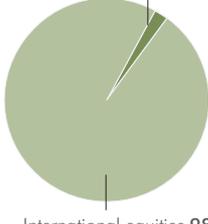

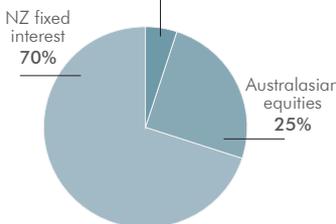

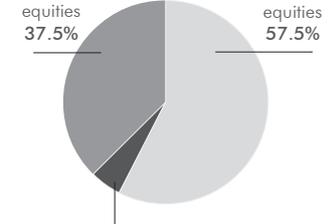

### 3. DESCRIPTION OF YOUR INVESTMENT OPTION(S)

---

#### Statement of Investment Policy and Objectives

The tables shown on pages 7 and 8 are a summary of our Statement of Investment Policy and Objectives (**SIPO**). We regularly review the SIPO. We may amend it in accordance with the terms of the Trust Deed, subject to the provisions of the FMC Act.

Before we make changes, we will consider if the changes are in the best interests of investors and consult with the Supervisor. Where material, we will give you written notice at least thirty (30) days before the date on which the revision takes effect.

The current SIPO is available free of charge at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

#### Responsible Investment

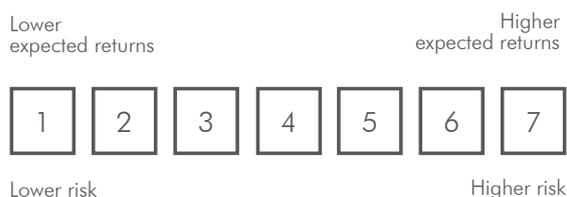

Whilst it is not Clarity's primary objective we seek to invest your capital responsibly. Clarity believes that environmental, social and governance (**ESG**) factors are an important determinant of long-term investment returns and global sustainability. As a responsible investor and as part of our fiduciary duty, Clarity considers these factors in our investment research and management process. For more information on Clarity's approach to responsible investing see our website [www.clarityfunds.co.nz](http://www.clarityfunds.co.nz).

### 4. WHAT ARE THE RISKS OF INVESTING?

---

#### Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator. See Section 3 'Description of your investment option(s)' for the risk indicator of each Fund.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-profiler](http://www.sorted.org.nz/tools/investor-profiler). Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five (5) years to 31 December 2025. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest Fund Update for each of the Funds.

## 4. WHAT ARE THE RISKS OF INVESTING?

### General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

<b>Market Risk</b>
Many factors affect financial market performance, meaning that the value of investments rise and fall as a result. This could be economic, political, tax and regulatory conditions as well as general market sentiment. The performance of asset categories and individual asset categories could be impacted by these or business specific conditions. The risk is mitigated by holding a diverse portfolio of securities.
<b>Interest Rate Risk / Maturity Risk</b>
Changes in interest rates will alter the market value of securities in a Fund. The sensitivity of the changes will depend on the original level of interest rates, the length to maturity of the security and the level of coupon that the particular security attracts. Interest rate risk is managed by "laddering" a Fund's portfolio, creating regular reinvestment opportunities.
<b>Credit Risk (applies primarily to the Fixed Income Fund)</b>
A risk associated with fixed income securities where an issuer does not make a payment, either a coupon payment or return of principal, when it is due. This risk is mitigated by holding a diverse portfolio of securities that is not heavily concentrated in one security.
<b>Currency and Hedging Risk</b>
The risk of losses from fluctuating foreign exchange rates. We may seek to mitigate the risk of currency exposures by offsetting the impact of currency fluctuations by the use of forward contracts that will lock in an exchange rate for a currency transaction at a future date, known as 'hedging'. Currency hedging provides some protection against changes in currency exchange rates.
<b>Liquidity Risk</b>
The risk that an investment cannot be traded for periods in volatile and illiquid market conditions. This may affect the processing of Fund transactions and there could be a delay in an investor receiving requested funds. Liquidity risk is managed by diversifying the securities held and holding enough liquid assets to manage short-term obligations.
<b>Investment Return Risk</b>
Past performance is no guarantee of future performance. There is a risk that the investment objectives of a Fund may not be met, or the Fund underperforms its benchmark index over the suggested minimum investment timeframe. This risk is managed through the regular monitoring of the Funds' performance and target asset allocation by the Manager.
<b>ESG Risk</b>
The Clarity Global Shares Fund is externally managed by MFS Australia who manage exclusions requested by Clarity. The outcome of these exclusions may limit investment opportunities, constrain returns and/or may not align with your preferences.

### Other specific risks

There are other operational factors that may increase the risk for investors. These risks relate to us, in our role as manager, our business partners and how these parties manage and operate their obligations to the Funds. We have established processes to mitigate these risks where possible. But there are risks arising from errors in procedures or systems which may have an adverse effect on your investment.

More information relating to risks is available in the OMI document which is available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## 5. WHAT ARE THE FEES?

You will be charged fees for investing in the Clarity Funds. Fees are deducted from your investment and will reduce your returns. If Clarity invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (for example, contribution fees). Currently there are no one-off fees charged by Clarity.

### Total annual fund charges

Fund Name	Total fund charges, as a percentage of net asset value (excluding GST)		
	Estimated Management Fee	Estimated Administration Fee	Estimated Total Annual Fund Charges
Fixed Income Fund	0.30%	0.35%	0.65%
Trans-Tasman Value Fund	0.65%	0.35%	1.00%
Dividend Yield Fund	0.65%	0.35%	1.00%
New Zealand Equity Fund	0.65%	0.35%	1.00%
Global Shares Fund	0.65%	0.35%	1.00%
New Perspective Fund	0.80%	0.35%	1.15%
Diversified Income Fund	0.55%	0.35%	0.90%
Diversified Growth Fund	0.75%	0.35%	1.10%

The total annual fund charges (excluding GST and any extraordinary expenses) shall not exceed the amounts shown above for each Fund. Fees are accrued daily, paid monthly in arrears to us and reflected in the unit price.

The charges outlined above cover:

**Management fee:** Each Fund has a maximum management fee, payable to Clarity for its services as manager of the Fund.

**Administration fee:** The general administration costs and expenses of each Fund are 0.35% per annum. These include the Supervisor, Custodian, Administration Manager and Registrar fees, fund accounting, unit pricing, audit, legal fees, regulatory and compliance costs. Additionally, the Manager and the Supervisor are entitled to be reimbursed out of each Fund for all other expenses properly and reasonably incurred by the Supervisor or the Manager in connection with carrying out their respective duties under the Trust Deed.

GST, at the applicable rate prescribed by the IRD, is currently payable on the Supervisor's fee, costs and expenses, the Administration Manager's fee and the Management fee.

There are no performance fees charged by us in relation to any of the Clarity Funds. If Clarity invests in other funds, those funds may charge fees (plus GST if applicable), including performance fees. These fees are included in the total annual fund charges above.

The Diversified Income Fund and Diversified Growth Fund invest into other Clarity Funds including the TAHITO Te Tai o Rehua Fund. Total annual fund charges for the Diversified Funds will not exceed those stated in the table above, as fees charged by the underlying funds are fully refunded.

The actual charges may vary from time to time. Charges for the previous financial year are available in the latest Fund Update.

## 5. WHAT ARE THE FEES?

### Example of how fees apply to an investor

Sarah invests \$10,000 in the Clarity Global Shares Fund. She is not charged an establishment fee or contribution fee. A swing factor is not applied as the Funds threshold has not been met. The starting value of her investment remains \$10,000.

During the first year Sarah is charged management and administration fees, which work out to about \$100 (1.0% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Estimated total fees for the first year:

Individual action fees: nil

Fund charges: \$100 plus GST

Other charges: nil

See the latest Fund Update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Clarity Global Shares Fund. If you are considering investing in other funds or investment options in the scheme, this example may not be representative of the actual fees you may be charged.

### The fees can be changed

We can change the fees charged from time-to-time, with the approval of the Supervisor. We will give you three (3) months' written notice before any fees are increased. We may also waive or reduce fees without any notice.

Clarity must publish a Fund Update for each fund showing the fees actually charged during the most recent year. Fund Updates, including past updates, are available at [www.clarityfunds.co.nz](http://www.clarityfunds.co.nz).

### Buy/Sell Spreads

We do not typically apply a spread to our unit prices. However, we may apply a spread to particularly large applications or withdrawals, or during periods of heightened market volatility. This is done to protect non-transacting investors from the transaction costs related to buying or selling underlying shares or bonds.

The method we use to do this is swing pricing, where if a transaction size threshold is met, a spread is applied to the transaction.

The thresholds are typically set such that this spread is only triggered by substantial applications or withdrawals that will require the Fund to buy or sell underlying securities. We reserve the right to change transaction size thresholds without notice if we believe this is warranted by market conditions.

The spread reflects estimated transaction costs and is not a fee, nor is it paid to us. It covers transaction costs like brokerage that a Fund incurs when it buys or sells underlying securities. Any surplus between the spread applied and transaction costs incurred is retained in the Fund and reflected in your investment returns.

The spreads we may apply to each Fund are outlined in our OMI document, available on our website [www.clarity.co.nz](http://www.clarity.co.nz), or [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) or contact us at [info@clarityfunds.co.nz](mailto:info@clarityfunds.co.nz) or 0800 990 055.

## 6. WHAT TAXES WILL YOU PAY?

Each Clarity Fund is a portfolio investment entity (PIE). The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to [www.ird.govt.nz/toii/pir/workout](http://www.ird.govt.nz/toii/pir/workout). If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department.

It is your responsibility to tell Clarity your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall, as part of the income-tax year end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

We may change your PIR if Inland Revenue tell us to.

More information relating to 'taxes you will pay' is in the OMI document which is available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).
